Hello to all our PGHW members on a mid-winter day!

Just a couple weeks ago we were in the midst of a winter snow and hopefully you're all warm with some cocoa or tea and your current project. One thing about fiber artists is our shared ability to keep entertained in the worst weather!

Luckily we didn't need to cancel any events or meet-ups but if there's another snowstorm, please check with your SIGs to make sure they are meeting before heading to Manayunk.

As we look ahead to warmer weather in 2024 we are starting to think about the opportunities for more Outreach events. Since we are a 501 3c non-profit organization, Outreach is a crucial part of the Guild's activities.

Currently we are still looking for someone to take on the role of Outreach Leader. The role of the leader is to contact our past venues to schedule for this year as well as looking for new venues to showcase all of the many fiberarts we all love and do.

And of course, all members are invited to come demo at any of the events. You don't have to be an expert, just a lover of whatever fiber craft you love doing. Most of our outreach events are held in the Spring, Summer and Fall so keep your eyes open for newsletter announcements and come join the fun with fellow members!

In the meantime, snuggle up, enjoy the Gazette and have fun with whatever you're working on.

## Portable Fibers Live

Myra Wood, SIG Leader

Ellie busy mending away!

Ilyana S. consults Myra W. about her gorgeous lace knitting while the emotional support chicken looks on.

New date for the **Name Badge Playgroup- February 7, 3:00-5:00 pm.**

Please join us and make yourself a name badge to wear at all SIGs and events using whatever technique you want; weaving, crochet, kumihimo, sewing, applique, with fabric, yarn, thread, or whatever! Just bring whatever you need for your craft and perhaps a little extra to share. Hope to see you there!

## Exploring Floor and Table Looms Melissa Terrels, SIG Leader

Our group has been meeting a few months and in those months we have learned a new way to warp a loom.

During this process, we all learned tips, tricks and how to correct many mistakes that often occur while warping - no matter what method you use! It's been a learning experience we hope to continue. We are currently warped and have a few more mistakes to fix before we start weaving. Come learn how to correct mistakes on a loom!

Our next project we hope to continue to learn new ways to warp and we will be doing an experiment and study on different kinds of cotton we are familiar with.

## Tapestry & Little Looms

### Tapestry and Little Looms SIG

Lori Falbo and Carlyn Nelson, SIG Leaders

The Tapestry SIG is expanding to include all Little Looms! Come join us from 2-4pm every 1st Saturday of the month. Potholder looms, inkle looms, mini tapestry looms, spool knitters, Kumihimo disks, pin looms, circular and triangle looms, frame looms, card weaving and more! We'll be exploring lots of techniques together. Open to all members who own a small loom or want to know more about them.

### Rigid Heddle SIG

Christine Wilkinson, SIG Leader

The rigid heddle SIG is an active group of weavers who have found the portable Rigid Heddle loom to be a flexible loom for experienced weavers looking for new ideas as well as a valuable introduction to the craft of weaving. We meet on the first Sunday of each month, from 10 am to noon, at the Guild house with a Zoom link for those who want to attend remotely. During our January meeting we brainstormed topics to look into during 2024, including Clapsed Weft; open weaves such as Leno and Brooks Bouquet; 3-D weaves; how to fix mistakes on and off the loom; finishing techniques; and finding the right yarn for each project. All are welcome at our next meeting on February 4, 10-12 at the Guild. A Zoom link can be found in the SIG's description on the webpage.

### Join the Emotional Support Chicken KAL!

Life is Hard! We all need a chicken to make it better!

All members are invited to join in this fun and informal knit-along brought to you by Portable Fibers Live. Pattern Support available on Wednesdays from 1-3

## Book Arts SIG

Christine Wilkinson, SIG Leader

The Book Arts SIG has grown since its first meeting to include 19 members. Our SIG goal is to explore the wide range of techniques for creating handmade books — stitching, folding, cutting, gluing, decorating — using paper, fabrics, and recycled materials. At our January meeting, members shared rare handmade books they had collected as well as examples of their own original books at various stages. We also had a short tutorial on a basic stitched binding, called a pamphlet stitch. A diverse group of weavers, stitchers, printmakers, collagists, knitters, crocheters, and paper artists, we are united by our curiosity about book forms.

Please join us at our next meeting on February 11, at 12:30.

SIG members admire Faye S.'s fabric “pant’s leg” book, as she explained how she will add more cloth pages to the book.

Christine W. shows an accordion fold book on the theme of Phases of the Moon.

## Hand Stitching SIG

Sheryl Kessler, SIG Leader

Sheryl K.'s pieced and stitched fabric collages

Zoe R and Linda P share their blue work: Zoe's is cross stitch and Linda's is needlepoint.

*Calling all hand stitchers and book artists:*

Join the online 100-day stitch book challenge by Ann Wood started on January 19, but it goes on until April 27, so there's still time to catch up and participate. The idea is to commit to stitching for 15 minutes per day; in 5 days you will complete a page and at the end of the challenge you will be able to bind your cloth book.

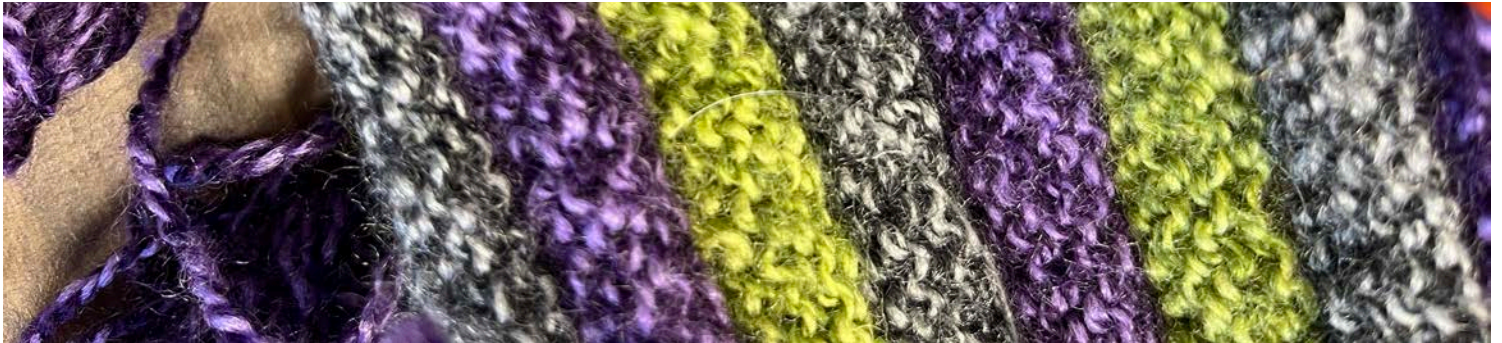

More info: <https://www.annwoodhandmade.com/stitch-book-100-day-project/>

## Knit and Crochet SIG

Joanne Zimmermann, SIG Leader

The January Knit/Crochet SIG was fun and busy as usual, with members knitting with handspun yarn, knitting socks, crocheting with thread, crocheting a blanket and much more.

Our next meeting is Feb. 18th. Please join us.

# FIBERPALOOZA

Spring is coming and so is FIBERPALOOZA!

Mark your calendars for **Sunday April 28th**  
for the PGHW Spring FiberPalooza a.k.a. Philly's Finest Fiber Festival .

The event is held at the Guild from noon until 3pm (note new end time this year). Once again we will be selling discounted yarns, books, spinning fibers, tools and equipment, all proceeds benefitting PGHW. We will also have independent vendors outside selling fiber-related items.

Vendor spaces available for \$15. Everything else sold by PGHW at FiberPalooza is donated to the Guild. If you have anything fiber-related to donate for this event, please contact Judy Donovan at [Library@PGHW.org](mailto:Library@PGHW.org). **Drop-off of donated items at the Guild will happen only during the week of April 21-27.**

Please don't leave items at the Guild house before this time unless you have made prior arrangements with the FiberPalooza Chair, Judy Donovan. The Guild house doesn't have the space to 'warehouse' donations for months prior to the event. An acknowledgement form for donations will be available for those donors who want them for tax purposes.

**Come check out the new PGHW Member Gallery Wall at the Guild!**

The newly painted gallery wall now allows the Guild to highlight the creative diversity of our membership on an on-going basis. The exhibit will be a rotating display so each time you are at the Guild you may view new works.

All members, from experienced to novice, are encouraged to loan the Guild one or two pieces of your recent work to adorn the Member Gallery wall. Here's all you need to do: Log into the [Member homepage](#) of the website and click on the link to **"Gallery Wall"** on the left. Complete the Submission Form and someone from the Gallery committee will get in touch with you to arrange for a time to drop off your work. Work must be dropped off at the Guild House by the member at a prearranged time. If you need help with that, please contact the committee.

All work must be: created by a member; in a finished form; and prepared for hanging on the wall. We hope you'll be willing to share your work with the Guild for at least a month, perhaps longer. Remember, this will be an unjuried display that will rotate throughout the year, and all members are invited to participate.

## Movie Night is back!

Philadelphia Movie Night - Wednesday, February 14 at 7:00pm

**Movie Night Changes** - We are combining our movie night with the MAFA Movie night. There is a new day and a new link. Movie night will be held on the 2nd Wednesday of every month at 7pm. on Zoom at: <https://zoom.us/j/96800027165?pwd=dzhvQUhYZzN1a0ZhMEtNTU9PV2kxZz09>

This month we are highlighting a very special fiber artist, Ethel Stein (1917-2018). She worked largely out of the artistic limelight at her home in Croton-on-Hudson, NY. Jack Lenore Larson commented, "Ethel Stein did not shun an audience; rather, she sidestepped the pervasive marketing focus of others.

Stein trained as a woodworker, painter and sculptor. She became interested in textiles in the 1970s. She began her investigation of the techniques of weaving by studying historic textiles in the collections of the Metropolitan Museum of Art and Cooper Hewitt. She resurrected historical weaving techniques and merged them with 20th-century Bauhaus design sensibilities. Stein's great contribution to weaving was her unique combination of refined traditional weaving techniques, possible only on a drawloom and used by few contemporary weavers, with modernist sensibilities influenced by Josef Albers, who trained in the German Bauhaus with its emphasis on simplicity, order, functionality, and modesty.

Videos will be followed by a slide show and lively discussion.

This is the only video on file and was made in 2014 in honor of Stein's exhibition at The Art Institute of Chicago. This powerful and inspirational video is only 2 minutes and 33 seconds long.

### Fiber Art Warms the Heart

Mix it up with knitted gloves, a crocheted hat and woven scarf. Embellish something old to create something new and exciting with a few colorful stitches. Make a few alterations that turn that garb into shapely fashion. With botanicals and a few other Surface Design techniques, what was drab now pops.

Out with the old in with the You. Share your adventure with others through a beautifully made keepsake book. Add something you have done to the Guild's gallery wall to share your joy and inspire. Maybe you have a new way of doing something that others would love to learn.

The creative energy within warms the heart when it is shared with others, for it is a spirit that resonates. It is a never-ending flow that nurtures and refreshes. Sometimes this flow hits a boulder, but seeing what others are doing gives insight into the way around it, and everyone is ignited by feeling your energy again.

Make those you love feel their worth by embracing them wherever they are with something that touches their heart with the hands that made it.

Guild on my Valentines! Guild on!
